

The Still Chain

An activist cult of the god [[Helm]] who seeks to destroy those who bring destruction. They do not view this as a contradiction, as their God has given them the right to prosecute this unending war.

Recently, they have focused their efforts on [[Ex Mortia/Gods and Greater Powers/Good/Thor]]ist worship, dismantling storm shrine, attacking Open Halls of Thunder, and imprisoning clerics and paladins of [[Ex Mortia/Gods and Greater Powers/Good/Thor]] until they repent their destructive ways. They also work within political spheres to outlaw religious practice that they do not approve of.
