

Esmeralda's Gold

Ganso's mafia of *legitimate* business.

Don: "Baron" Francesco Ganso

Motivation: to capitalism his way to nobility through business ventures

Assumptions: Gnomes are generally money hungry/capitalist at least in this setting - perhaps it is a stereotype (if anyone who plays a gnome that isn't like that or other NPCs)

Business Ventures:

- The Gander & Goose Public Houses chain
- The Baron's Feather-Fine Ingredients (where the ingredients for the Gander & Goose Public House are sourced from)
